7. SPORTING BEHAVIOUR

7.1. Skippers should understand that TCYC racing is primarily fun and secondarily competitive. Accordingly, skippers are required to sail in a sporting manner, and aggressive sailing in close-quarters situations is discouraged. Overly aggressive racing could lead to disqualification if such actions are judged to have compromised the safety of other boats or crew or the general enjoyment of the event by all. Dangerous sailing will not be tolerated.

7. MAIN OBJECTIVE

This regatta is designed to provide skippers with the opportunity to practice their single-handed sailing skills. While crewed boats are indeed welcome, you are encouraged to race solo provided you feel confident in your skills and the weather conditions on race day.
